“ There are a few people in this world who are a true reflection of God's compassion, caring and love. Becky was one of those rare people who always had a kind word and a warm smile to share and showed you what it meant to be a truly gentle soul. The world is a lesser place without her presence. Becky radiated peace and calm and I consider myself lucky to have known her. Keep her legacy alive in your hearts and in this world. Recognize the grief that seems so crushing right now, but let it transform over time into a joyful remembrance of a life so well-lived and that brought joy and light to a world that needed her presence. May she now rest in the arms of a loving God and guide us to demonstrate that love to one another.

“ Becky, aka. Miss Timmons was loved by so many children and parents. My granddaughter Kallee was a student of Becky's and would tell us daily that she loved her teacher. Sad for those left behind but she leaves a great legacy.

“ Becky was the definition of kindness. She treated her co-teachers and students with the same respect. She loved her son and daughter with unconditional love. We should all be like Becky! I'm so glad I was privileged enough to know her.
